

COLLISION REPAIR INFORMATION

FOR THE COLLISION REPAIR PROFESSIONAL

TITLE: HYBRID INFORMATION FOR EMERGENCY RESPONDERS
SECTION: GENERAL BULLETIN #166
MODELS: ALL TOYOTA & LEXUS HYBRID
DATE: APRIL 2008

Toyota and Lexus **Hybrid Emergency Response Guides** are developed to provide valuable information for emergency response personnel to conduct safe fire suppression, rescue, and recovery operations. The guides are readily available, and explain:

- How to identify Toyota and Lexus Hybrid models
- High-Voltage component locations and safety guidelines
- Recommendations for fire suppression, overhaul, and spill containment
- Recommendations for vehicle stabilization, cribbing, and extrication

Emergency Response Guides and an Emergency Response Presentation are available from the Toyota Technical Information System (TIS). To download copies, login to www.techinfo.toyota.com and from the home page, click on the 'Emergency Responder Information' link provided. The Emergency Response Presentation CD, #M/N 00453-HEVER-R10 is also available for purchase from the Material Distribution Center at 800.622.2033.

**PLEASE ROUTE THIS BULLETIN TO YOUR COLLISION REPAIR CENTER
MANAGER AND COLLISION REPAIR TECHNICIANS**
